

Refer a Friend Policy – The Birdie Club UAE

Purpose

The Birdie Club UAE encourages our members to help grow our community by referring friends. This policy explains how our referral programme works, how you can earn rewards, and the terms and conditions that apply.

Overview

Ladies who are part of The Birdie Club UAE are invited to recommend The Birdie Club to other ladies. As a thank you for each successful referral, you will receive an AED 50 Birdie Club voucher to use towards future group lesson programmes.

How It Works

- Invite your friends to sign up for a Birdie Club lesson programme.
- Your friend must enter your name or referral code at checkout when registering. This is essential for the referral to qualify.
- Once your friend completes their payment and begins their lessons, you'll receive a unique AED 50 voucher code to use on your next programme.
- The voucher code is unique to you and cannot be used by anyone else.
- You are responsible for entering and applying the voucher code at checkout when rebooking your next programme.
- Missed or unused codes cannot be reissued or applied retrospectively.

Referral Code Validity and Expiry

- Referral rewards cannot be applied to your current programme. They are always valid for the *next* scheduled programme after your referred friend joins.
- Programs run in September, January, and April. Your referral code will be valid for use on the programme that follows your friend's start date:
 - If your friend joins the September programme, your code is valid for January.

@thebirdieclubuae

- If your friend joins the January programme, your code is valid for April.
 - If your friend joins the April programme, your code is valid for September.
- Referral codes are non-transferable, cannot be extended or carried forward, and must be used within that next programme cycle.

Terms and Conditions

- The referral reward is valid for one future programme per successful referral (maximum of two referrals rewarded per programme).
- To receive the referral benefit, you must be fully registered and have completed payment for the programme.
- Referral discounts cannot be used on the current programme you are registered in. They will only apply to the following programme.
- All referral codes will have an expiry date set to coincide with the programme following the one you are currently participating in.
- Referral rewards cannot be accumulated, carried forward, or backdated.
- Discount values and terms may vary by programme. Please check with our team for the latest details.
- Referral discounts cannot be exchanged for cash.
- Referral discounts can only be used on The Birdie Club UAE lessons and are not applicable to lessons or events offered outside of The Birdie Club.
- New Contacts Only: Referral rewards are only given for brand-new clients who have never registered with The Birdie Club UAE before. If the person you refer is already in our database as a contact, an existing or past client, the referral will not qualify and no reward will be issued.
